

## GRILLO

Grillo vines are the flagship of our varieties. For this wine we have chosen the highest hill in order to exalt its freshness and flavour. We put it into tonneaux to trap its body giving it a delicate note of oak and acacia.

Such good care for a wine symbol of western Sicily.

Intensity and elegance are the perfect mix of this wine.

Wide bouquet with a natural delicacy. Bone dry with a full body and a delicate bouquet. Oak aging gives this wine some delicate vanilla note to balance the richness and intensity of the Grillo grape.

## PERRICONE

For decades the Perricone, or the so-called pignatello, had been the undisputed leader of the red grapes in western Sicily.

A careful vinification has transformed the prickly character into a peculiar personality: a one of a kind wine.

Rich with red fruits, mixed with notes of liquorice, a typical expression of the relationship between the variety and its land.

Wine of great power and harmony while expressing, at the same time, a fresh and lively character. Only through experience and a careful vinification this complex and difficult grape can be turned into a wine full of character and personality. Rich with red fruits, liquorice and hearty flavours it's a brilliant expression of its land.

## NERO D'AVOLA

Fruity and vibrant Nero d'Avola finds a balance of soft tannins and a harmonic finish.

Strength and character define this organic wine along with a long and harmonic finish. Works well with aged cheeses, Gorgonzola or paired with a meat and cheese board.

## CATARRATTO

Richer and darker compared to our Tasari Catarratto.

Ageing on the lees gives this wine a pronounced flavour of yeast that adds complexity and length to it. Bright minerality increase its freshness making it a great wine to drink on its own or with a fresh salad.
